ELLIE GOODLIFFE

MICRO-ANATOMY COLLECTION • PRICE CATALOGUE

Bridging cellular pathology, histology, and fluid acrylic abstraction. Each piece features genuine laboratory microscope glass mounted with custom-poured archival colorways and unique accession specimen labels.

01. Single Specimen Slide — £45.00

Format: Individual archival glass slide with custom fluid acrylic pour & label.
Dimensions: Standard microscope slide (~76 × 26 mm). Unframed.
Options: Standard collection pieces or **Bespoke singles** tailored to custom color briefs or specific pathological/histological themes. Additional costs apply

02. Trio Series (Framed Display) — £135.00

Format: Curated triptych featuring three complementary fluid histology slides on a neutral museum mount.
Dimensions: Framed size **23 × 18 cm**.
Value Structure: Aligned precisely with standard individual slide pricing (£45 × 3), absorbing framing costs as an accessible multi-piece entry point.

03. Decadal Archive (Gallery Statement) — £380.00 – £400.00

Format: Comprehensive statement grid featuring ten unique micro-anatomy fluid pour compositions with individual accession numbers.
Dimensions: Framed size **28 × 23 cm**.
Value Structure: Curated gallery bundle reflecting a fair collector incentive (saving £50–£70 off standalone slide equivalents).

Commission & Ordering Information

All artworks are created using professional-grade archival acrylics, UV-stable finishes, and authentic laboratory glassware. To discuss commissions, bespoke work, place an order, or simply send a comment please do so via the portfolio website.
